RIDE THE LITTLE MIAMI SCENIC TRAIL

Little Miami State Park introduces a new concept to the state park system--a trail corridor. This non-traditional approach focuses on offering numerous recreational pursuits--bicycling, hiking, cross-country skiing, rollerblading, backpacking and horseback riding. The corridor also provides access to canoeing the Little Miami River.

Little Miami State Park is approximately 50 miles in length. It averages 66 feet in width and runs through four counties of southwest Ohio (Greene, Warren, Clermont and Hamilton). This abandoned railroad right-of-way, converted for public use, boasts 47 miles of paved trail from Milford to Hedges Road. The remainder of the trail to Springfield is paved and operated by Greene County Parks and Recreation (for more information on the bikeway north of Hedges Road, Contact Greene County Parks and Recreation at 937-376-7440).
